Dear Richard

Lambert Review of Business University Collaboration

On behalf of David Arculus I have put together some examples of existing Severn Trent Water/University Collaboration plus a summary of what works well and what could be improved. This information has been compiled from a survey of our Senior Managers and their knowledge of existing links with their thoughts on opportunities for the future.

Hopefully there are some examples included, which could be helpful to your review.

If you require any further information or details, please let me know and I will be happy to help.

Yours sincerely

David Akers
Head of Human Resources
